Be inspired both spiritually & emotionally as Judy Isaacson Elias describes how Israel saved her life. Learn how the organization she founded, Heroes to Heroes, deploys Israel and IDF Veterans to save the lives of American Combat Veterans suffering from Post Traumatic Stress Disorder.

Judy Isaacson Elias

Judy founded Heroes to Heroes in March 2010 in tribute to her father, a World War II veteran, as a way to honor the service of all veterans, especially those with Moral Injury and Post Traumatic Stress Disorder. Prior to joining Heroes to Heroes in a full time capacity, Judy spent thirty years in media sales and management and on Wall Street as a Financial Advisor. Judy's volunteer experience in the non-profit world includes the New Jersey Women's Political Caucus (PAC Co-chair), Teaneck Township (NJ) Financial Advisory Board, and Wounded Warrior Project. She is on the Advisory Board of Friends of Kidum, an organization that helps underprivileged Israeli and Arab children get the education they deserve.
